### **Special Presentations and Other CKVS News**

#### **Downtown Evening Shopping**

In our travels from business to business we heard talk of possible later in the evening shopping in our downtown core. We know there are people out and about in the evening, and it looks like some businesses are going to give it a try. The plan at the moment is for businesses to stay open later on the first Friday of the month, with hopes of including some activities. Things are just in the organizational stage at the moment, and we don't know how many stores will be taking part, but the first date will be Friday April 5th.
